Additional Notes

1. All dollar amounts above are in [US Dollars].
2. **Notional Net Profit** means the notional value that can be attributed to the representative value of the net positions of your Trades for each Trading Period.
3. The **Profit Consistency** Rule applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Consistency Rule: (a) if only Assessment Phase 1 (Evaluation) applies then no single trade can account for 50% or more of your total Required Return or total Target Return; or (b) if both Assessment Phase 1 (Evaluation) and Assessment Phase 2 (Verification) applies then no single trade can account for 50% or more of your total Required Return or total Target Return. The cumulative profit from trades within a single day should not exceed 25% of the total required or target return for the 2-step challenge, and should not exceed 30% for our stock and crypto options.
4. The **Lot Size Consistency Rule** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Lot Size Consistency Rule, your average trade size is used to calculate your trading range. The range is determined by adding 100% to your average trade size to determine the maximum value and subtracting 75% to determine the minimum value. Note trades are aggregated when placed within a 30-second window into one position for both profit and volume consistency.
5. The **Assessment Period and Assessment Criteria** may comprise either 1 or 2 parts. If it comprises 1 part, then you must satisfy the stated Assessment Criteria within the stated Assessment Period. If it comprises two parts, then you must satisfy the requirements of Phase 1 (Evaluation) to be eligible to proceed to Phase 2 (Verification), and you must satisfy the requirements of Phase 2 (Verification) to satisfy the Assessment Criteria for your selected Assessment Program.
6. All Access Fees published in this **Schedule of Assessment Programs and Fees** are **exclusive** of relevant taxes or other statutory or regulatory costs. You are responsible for paying any such amounts, and the Company may withhold or recover such amounts from you in accordance with clause 14.
7. **Hedging Between Accounts Definition:** Using two different trading accounts to open opposing trades on the same instruments with the same lot size at the same time.
8. **Rules for withdrawals:** The first withdrawal can only be requested after 21 days of being a live-funded trader. Following the first withdrawal, a subsequent withdrawal can be requested after another 14 days. Subsequent withdrawals can be requested bi-weekly.
9. All trading during the Trading Period is subject to the Consistency Rule.
10. **No and Yes:** No means that the feature is not allowed under any circumstances. Yes, means that the feature is allowed, subject to certain conditions.
11. **Grid Trading Definition:** Establishing multiple buy and sell orders, typically at equal intervals or "grid gaps" above and below the current market price. These orders are referred to as "grid levels." When the market price reaches a grid level, the corresponding buy or sell order is executed. The trader maintains these grid levels regardless of the direction of the market, aiming to profit from the price oscillations within the defined range.
12. **Prohibit Trading Practices in the Funded Stage:** Tick Scalping, High-Frequency trading, Latency Arbitrage, Account Management, Reverse Arbitrage, Martingale Trading, Grid Trading, Data Feed Manipulation, Use of Delayed Data Feed.
